Dear Honorable Commissioner:

PETITION FOR REMOVAL OF DOCUMENTS FILED

This is a Petition for correction of an error made when correcting an error made when electronically filing a Request for Continued Examination (RCE) Transmittal in the above referenced patent application. Applicant(s) respectfully request that the United States Patent and Trademark Office remove the document filed on February 25, 2009 from this application. The correct documents have been filed.

There were multiple errors. First, an error was made due to a problem with the Adobe software. The document was apparently inadvertently saved in a different version of Adobe and therefore when it was extracted at the Patent Office the document did not contain the changes made to the document, such document was the RCE Form. When Applicants attempted to correct this error, a new RCE Form was submitted along with a petition for removal and a copy of what Applicants believed to be the incorrect document that had been filed electronically. Applicants discovered, after filing the correct RCE form, that the copy of the incorrect document was in fact not the document that had been filed incorrectly earlier in the day.

Applicants than filed a copy of the Electronic Acknowledgment Receipt indicating the document filed and to be removed from this application record, and the actual document that had been incorrectly filed earlier in the day.

Applicants now request that the second incorrect document be removed from this application record. A copy of the Electronic Acknowledgment Receipt indicating the document filed and to be removed from this application record, and the actual document that had been incorrectly filed earlier in the day is attached.

If fees are due the Commissioner is hereby authorized to charge any such fees that may be required, or to credit any overpayment, to Deposit Account Number 03-3345.
